**Lead with clarity. Influence with confidence. Scale with impact.**

## OUR APPROACH

- Discovery:** We interview you, your leaders, your team and other key partners to develop a 360-view of your strengths and opportunities.
- Coach Selection:** Based off these interviews and fit-conversations with 2–3 Riff coaches, we pair you with the best coach for you.
- Design:** We select a time frame and session cadence that meets your schedule and your needs. We generate a development plan with refined, aspirational, and measurable objectives unique to each leader.
